

SHERWOOD INDUSTRIES IS AN ENVIRONMENTALLY RESPONSIBLE COMPANY. THIS MANUAL IS PRINTED ON RECYCLED PAPER.

PLEASE KEEP THESE INSTRUCTIONS FOR FUTURE REFERENCE

# Westgate

LUXURY FIREPLACES

This publication is intended as a guide for installers to help with the assembly of the log set only.

Please refer to the Westgate DV48 Owner's Manual for specific, detailed and complete information on installation and operation.

## DV48 Log Set Installation

**SHERWOOD INDUSTRIES LTD**

## LOG SET INSTALLATION:

Logs have been numbered 1 through 10 (below) to assist in the log set assembly.

1. Install Log #1 (Right Rear). Place the pin on the left side of log #1 onto the groove on top of the ember burner.

Position the groove on the right side of Log #1 onto the tab on the right side of the grate.

Log #1 in position

2. Install Log #2 (Left Rear). Place the groove on the left side of Log #2 onto the left side of the grate.

The flat surface on the right side of Log #2 sits on the flat surface in the center of Log #1.

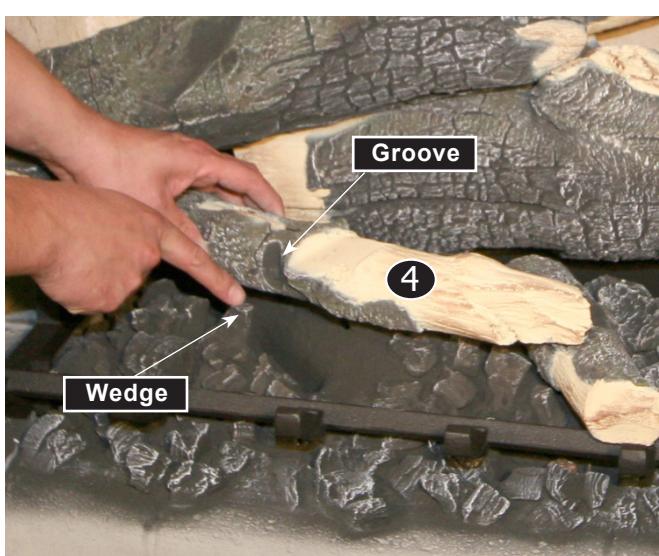

Log #2 in position

3. Install Log #3. Log #3 sits inside the groove on the burner.

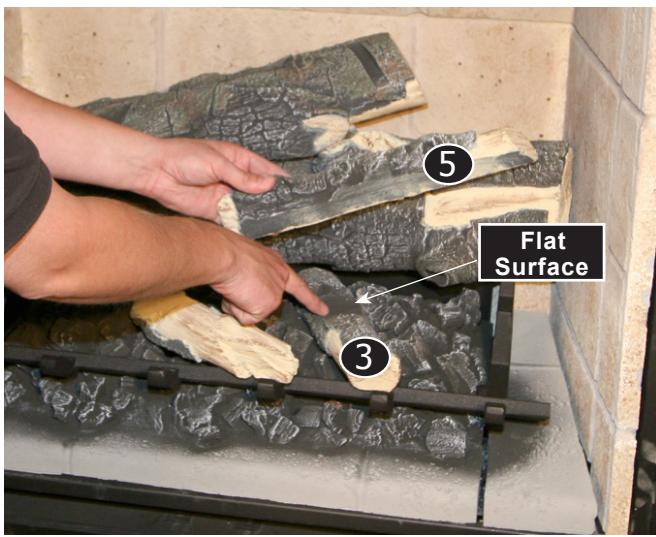

Log #3 in position

4. Install Log #4. The groove on Log #4 fits into a wedge on the burner.

Log #4 in position

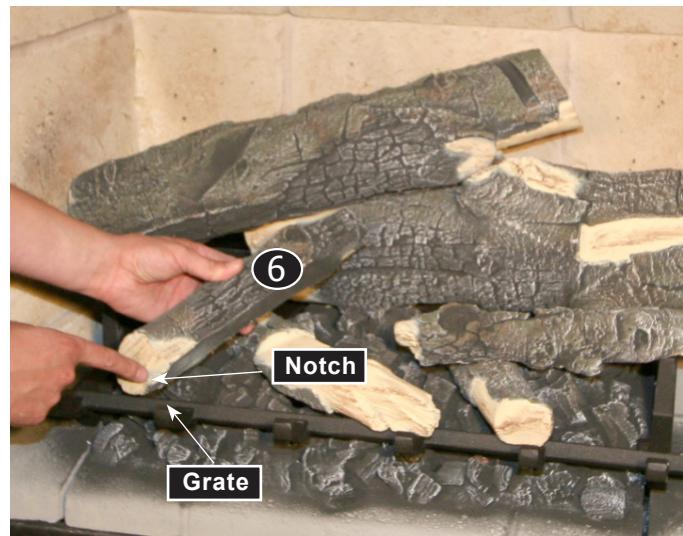

5. Install Log #5. The left side of Log #5 sits on the flat surface of Log #3.

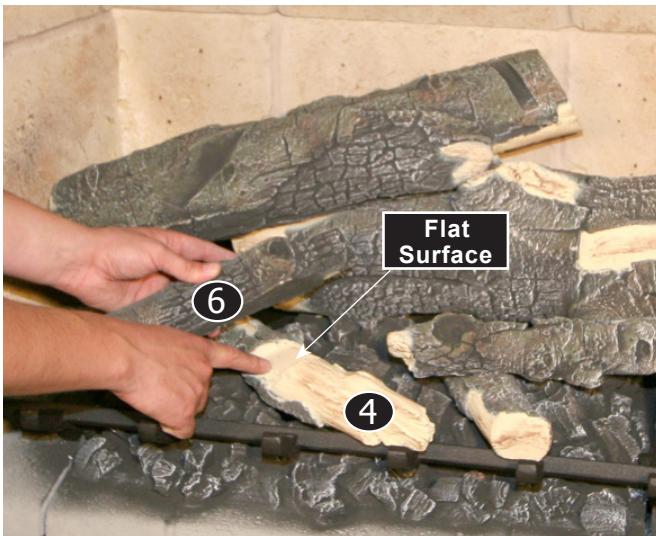

The right side of Log #5 sits on the grate.

Log #5 in position

6. Install Log #6. The notch on the left side of Log #6 hooks into the front of the fire grate.

The right side of Log #6 sits on the flat surface on Log #4.

Log #6 in position

7. Install Log #7. The angled notch on the bottom of Log #7 fits into the left corner of the grate.

The top of Log #7 fits into the groove on Log #2.

Log #7 in position

2. Install Log #8. The notch on the bottom of Log #8 fits into the right side of the grate.

Log #8 in position

9. Install Log #9. Log #9 sits on Log #5

10. Install Log #10. Log #10 sits on the front center section of the grate with the bottom of the log sitting on the front burner accent.
